◆ **Why didn't the Democrats challenge Trump's win? Just one U.S. Senator was needed** but not a single U.S. Senator (not even Bernie) supported Black legislators in the House who tried to challenge the outcome of the 2016 presidential election.

◆ **Did Russia actually hack the election?** It must be true, right?, because agencies that specialize in the art of deception told us so

◆ **Why do the Democrats want to provoke a nuclear war with Russia?** The CIA, Democrats, and John McCain want a No Fly Zone over Syria. Obama has sent troops to Poland's border with Russia, installed a neo-Nazi government in Ukraine, placed NATO on alert.

**Trump says women's bodies are expendable *here*;
Clinton said women's bodies are expendable *there*.**

We say: **NO TO WAR!** *No one* is expendable.

**NO WAR WITH RUSSIA, CHINA, KOREA
U.S. OUT OF IRAQ (still!), Afghanistan (still!)**

Needed: Anti-War Rallies everywhere.

Don't play the Democrats' or Republicans' shell game.
